Independent Auditor's Report

To the Board of Trustees Teachers' Retirement System of Oklahoma Oklahoma City, Oklahoma

Report on Schedule of Allocations and Schedule of Net Other Postemployment Benefit (OPEB) Amounts by Employer

We have audited the accompanying schedule of employer allocations of the Teachers' Retirement System of Oklahoma (the System) as of and for the year ended June 30, 2019 and related notes. We have also audited the totals for the columns titled net OPEB liability (asset), total deferred outflows of resources, total deferred inflows of resources and plan OPEB expense (expense offset) (specified column totals) included in the accompanying schedule of collective OPEB amounts (collectively the Schedules) of the System as of and for the year ended June 30, 2019.

Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of the Schedules in accordance with accounting principles generally accepted in the United States of America; this includes design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Schedules that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on the schedule of employer allocations and specified column totals included in the schedule of collective OPEB amounts based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule of employer allocations and specified column totals included in the schedule of collective OPEB amounts are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule of employer allocations and specified column totals included in the schedule of collective OPEB amounts. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedule of employer allocations and specified column totals included in the schedule of collective OPEB amounts, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the System's preparation and fair presentation of the schedule of employer allocations and specified column totals included in the schedule of collective OPEB amounts in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of System's

internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule of employer allocations and specified column totals included in the schedule of collective OPEB amounts.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the Schedules referred to above present fairly, in all material respects, the employer allocations and net OPEB liability (asset), total deferred outflows of resources, total deferred inflows of resources, and plan OPEB expense (expense offset) for the total of all participating entities for the System as of and for the year ended June 30, 2019, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the System as of and for the year ended June 30, 2019, and our report thereon, dated October 18, 2019, expressed an unmodified opinion on those financial statements.

Restriction on Use

Our report is intended solely for the information and use of the System's management, the System Board of Trustees, System employers and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

Schedule of Collective OPEB Amounts As of and for the Year Ended June 30, 2019

		Deferre	Deferred Inflows of Resources					
				Total Deferred				
		Net Difference		Inflows of				
		Between Projected	Differences	Resources				
		and Actual	Between	Excluding				
	June 30, 2019	Investments	Expected and	Employer	OPEB Expense			
	Net OPEB	Earnings on OPEB	Actual	Specific	(Expense			
	Liability (Asset)	Plan Investments	Experience	Amounts*	Offset)			
All Employers	\$ (61,832,557)	\$ 8,871,916	\$ 22,600,507	\$ 31,472,423	\$ (9,639,095)			

^{*} Employer specific amounts that are excluded from this schedule are the changes in proportion, differences between employer contributions and proportionate share of contributions, and employer contributions subsequent to the measurement date.

Note 1 - Nature of Entity

The following brief description of the Teachers' Retirement System of Oklahoma (the System) is provided for general information purposes only. The System's benefits are established and amended by State Statute and participants should refer to Title 70 of the Oklahoma Statutes, 2011, Sections 17-101 through 121, as amended.

The System was established as of July 1, 1943 for the purpose of providing retirement allowances and other specified benefits for qualified persons employed by state-supported educational institutions. The System is a part of the State of Oklahoma financial reporting entity, which is combined with other similar funds to comprise the fiduciary-pension and other postemployment benefit (OPEB) trust funds of the State of Oklahoma (the State). The System administers this cost-sharing multiple-employer benefit plan other than pensions (the Plan).

The supervisory authority for the management and operation of the System is a 14-member board of trustees, which acts as a fiduciary for investment of the funds and the application of plan interpretations. The board of trustees is comprised of six appointees from the Governor's Office, two appointees by the Senate Pro Tempore, two appointees by the House Speaker and three Ex Officio positions. Out of the six appointees from the Governor's Office, one must be a Higher Education representative, one is a nonclassified optional personnel, and the remaining four must work in the public or private funds management, banking, law or accounting field. Out of the two Senate Pro Tempore's as well as the House Speaker's appointees, one must be an active classroom teacher while the other be a retired member of Teachers' Retirement System of Oklahoma. The Ex Officio trustees are the State Superintendent, the Office of Management and Enterprise Services Director and the Career-Tech Director or their designee.

OPEB Plan

Oklahoma teachers and other certified employees of common schools, faculty and administrators in public colleges and universities, and administrative personnel of state educational boards and employees of agencies must join the Plan. Membership is optional for all other regular employees of public educational institutions who work at least 20 hours per week. Additional information regarding Plan provisions can be found in the System's comprehensive annual financial report, which can be accessed as described in Note 7.

Note 2 - Summary of Significant Accounting Policies

The Schedule of Employer Allocations and the Schedule of Collective OPEB Amounts (the Schedules) for the Plan were prepared in accordance with the following significant accounting policies.

Nature of the Schedules

The purpose of these Schedules is to provide employers information for their financial statements. The Schedules provide each employer with the basis used to determine their proportionate share of the net OPEB liability (asset), deferred outflows and inflows of resources, and OPEB expense (expense offset) as of and for the year ended June 30, 2019. Deferred outflows and inflows of resources, and OPEB expense (expense offset) include: each employer's proportionate share of plan level amounts such as differences between expected and actual experience, the net difference between projected and actual investment earnings on OPEB plan investments and changes in assumptions.

The Schedule of Collective OPEB Amounts represents collective amounts for the Plan. This Schedule excludes employer-specific deferral amounts that may need to be recognized to comply with governmental accounting standards. Specifically, this schedule excludes deferral amounts arising from the changes in employer proportion, differences between employer contributions and proportionate share of contributions, and employer contributions subsequent to the measurement date.

Measurement Focus and Basis of Accounting

Financial transactions are recorded using the economic resources measurement focus and the accrual basis of accounting. Employer contributions are recognized as revenue when due pursuant to statutory or contractual requirements.

Use of Estimates

The preparation of the Schedules in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts for the net OPEB liability (asset) and deferred inflows of resources, and changes therein, and disclosures. Actual results could differ from those estimates and differences could be material.

Basis of the Allocation

In determining the proportionate share of the net OPEB liability (asset) and corresponding employer OPEB amounts for a cost-sharing plan, the basis should be consistent with the manner in which contributions are made to the Plan, excluding those to separately finance specific liabilities of an individual employer. Contributions on the schedule of employer allocations are presented under a cash basis of accounting.

The System has determined that each employer's proportionate share will be determined based on the employer's contribution to the Plan as a percentage of the total contribution to the Plan by all employers.

Note 3 - OPEB Liability (Asset)

The OPEB liability (asset) is the portion of the actuarial present value of projected benefit payments related to past periods. The OPEB liability (asset) for the employers is based on the allocation percentages from the Schedule of Employer Allocations.

The net OPEB liability (asset) for fiscal year 2019 is calculated as set forth below in the following table:

Net OPEB liability (asset) - Beginning July 1, 2018	\$ (64,625,470)
Total OPEB expense offset	(9,639,095)
Change in deferred inflow of resources	13,309,769
OPEB employer contributions	 (877,761)
Net OPEB liability (asset) - Ending June 30, 2019	\$ (61,832,557)
The components of the net OPEB liability (asset) at June 30, 2019, were as follows:	
Total OPEB liability (asset)	\$ 410,294,941
Plan fiduciary net position	 (472,127,498)
Net OPEB liability (asset) per Schedule of Collective OPEB amounts	\$ (61,832,557)
Plan fiduciary net position as a percentage of total OPEB liability (asset)	 115.07%

Sensitivity of the OPEB liability (asset) to changes in the discount rate – The following presents the OPEB liability (asset) of the Plan's employers calculated using the discount rate of 7.50% as well as what the employers' liability (asset) would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	1% Decrease		Current Discount		1% Increase	
	(6.50%)		Rate (7.50%)		(8.50%)	
Employer's OPEB liability (asset)	\$	(20,719,727)	\$	(61,832,557)	\$	(96,960,750)

The total OPEB liability (asset) as of June 30, 2019, was determined based on an actuarial valuation prepared as of June 30, 2019, using the following actuarial assumptions:

- Actuarial Cost Method—Entry Age Normal.
- Inflation—2.50 percent.
- Future Ad Hoc Cost-of-living Increases-None.
- Salary Increases—Composed of 3.25 percent wage inflation, including 2.50 percent price inflation, plus a service-related component ranging from 0.00 percent to 8.00 percent based on years of service.

- Investment Rate of Return 7.50 percent.
- Retirement Age— Experience-based table of rates based on age, service, and gender. Adopted by the Board in May 2015 in conjunction with the fiver year experience study for the period ending June 30, 2014.
- Mortality Rates after Retirement Males: RP-2000 Combined Healthy mortality table for males with White Collar Adjustments with fully generational projection by Scale BB from the tale's base year of 2000. Females: GRS Southwest Region Teacher Mortality Table scaled at 105%. Generational mortality improvements in accordance with Scale BB from the table's base year of 2012.
- Mortality Rates for Active Members-RP -2000 Employee Mortality tables, with male rates multiplied by 60% and female rates multiplied by 50%.

Note 4 - Average Expected Remaining Service Life

The average expected remaining service life of the Plan is determined by taking the calculated total future service years of the Plan divided by the number of people in the Plan including retirees. The total future service years of the Plan are determined using the mortality, termination, retirement and disability assumptions associated with the Plan. The average expected service life of the Plan equals 6.3 years as of the valuation date.

Note 5 - Types of Deferred Outflows and Inflows of Resources

Deferred outflows of resources are the consumption of net position that is applicable to future reporting periods. Deferred inflows of resources are the acquisition of net position that is applicable to future reporting periods.

Difference Between Expected and Actual Experience

The actuary uses assumptions such as future salary increases and inflation to develop what they expect to be the experience of the Plan. Each year the difference between the expected experience and the actual experience is amortized over the average expected remaining service life of the Plan.

Net Difference Between Projected and Actual Investment Earnings

The actuary uses the Plan's long-term rate of return to project investment earnings net of investment expenses. The difference between the expected and the actual investment earnings is deferred and amortized over five years.

Amortization

The amortization of deferred inflows at June 30, 2019, is as follows:

	Deferred Inflows
2020 2021 2022 2023 2024 Thereafter	\$ (11,155,059) (11,155,057) (5,040,021) (1,602,888) (2,045,841) (473,557)
	\$ (31,472,423)

Note 6 - OPEB Expense (Expense Offset)

OPEB expense (expense offset) includes amounts for service cost (the normal cost under entry age normal for the year), interest on the total OPEB liability (asset), changes in the benefit structure, recognition of increases/decreases in liability (asset) due to actual versus expected experience, actuarial assumption changes, and investment gains/losses on the fair value of assets. The actual experience and assumption change impacts are recognized over the average expected remaining service life of the Plan membership as of the measurement date.

The collective OPEB expense (expense offset) for fiscal year 2019 is calculated as set forth below in the following table:

Service cost	\$ 6,160,629
Interest on total OPEB liability (asset)	30,349,537
Projected earnings on plan investments	(34,998,191)
Administrative expense	3,987
Recognition of deferred outflows (inflows) due to liabilities	(5,352,765)
Recognition of deferred outflows (inflows) due to assets	 (5,802,292)
Allocated OPEB expense (expense offset) per schedule of OPEB amounts by employer	\$ (9,639,095)

Notes to Schedule of Employer Allocations and Schedule of Collective OPEB Amounts
June 30, 2019
